

MOHIT HUNDLANI

Software Developer — Full Stack & Mobile App Developer

Vadodara, India

☎ +91 9978032013 ✉ mohithundlani123@gmail.com 🌐 [Portfolio](#) [LinkedIn](#) [GitHub](#)

Summary

Innovative and performance-driven **Software Developer** with expertise in building dynamic, user-focused web and mobile applications using **React.js, Next.js, Node.js, Express.js, React Native, and MongoDB**. Adept at both front-end and back-end development, cloud integration, and API design. Passionate about creating scalable solutions, maintaining clean code, and delivering seamless user experiences. Strong communicator, mentor, and problem-solver focused on collaboration and continuous learning.

Experience

V-ex Tech Solution

2021 – 2023

Software Developer & Professor

Vadodara, India

- Developed full-stack applications using React.js, Node.js, and MongoDB for training and internal automation.
- Delivered lectures and hands-on sessions on JavaScript, React, APIs, and deployment strategies.
- Enhanced product efficiency and responsiveness, improving page load time by 30%.
- Led a 5-member dev team for internal product redesign and integration with cloud services.

Freelancer

2023 – Present

Fullstack and App Developer

Vadodara, India

- Delivered responsive, high-performance websites for businesses and startups using the MERN stack.
- Implemented authentication, dashboards, and REST APIs for client web apps.
- Managed deployments on AWS and Vercel; integrated third-party APIs for scalability.
- Built strong client relationships through consistent quality delivery and problem-solving.

Community Service / Volunteering

Tech Volunteer - Local Hackathon

March 2024

Vadodara, India

- Mentored 25+ students on JavaScript and React basics during a community hackathon.
- Assisted participants in deploying their first web projects on Vercel and GitHub.
- Promoted collaborative coding and open-source participation.

Education

NIOS

2021 – 2022

Continuing Academics alongside Web & App Projects

Vadodara, India

Rosary High School

2018 – 2020
